| Date      | Family       | Genus          | Species                       | Common Name          | MU | Tree No. | DBH (in) | DBH Range | Height (ft) | Health | Structure | Form | Condition | Recommendation                   | Notes   |
|-----------|--------------|----------------|-------------------------------|----------------------|----|----------|----------|-----------|-------------|--------|-----------|------|-----------|----------------------------------|---|
| 4/5/2018  | Cupressaceae | Xanthocyparis  | <i>nootkatensis 'Pendula'</i> | Weeping Alaska-cedar | 1  | 1        | 4        | 0-6       | 20          | 6      | 4         | 6    | 5         | None                             | Apical dominance  |
| 4/5/2018  | Cupressaceae | Xanthocyparis  | <i>nootkatensis 'Pendula'</i> | Weeping Alaska-cedar | 1  | 2        | 4        | 0-6       | 20          | 6      | 5         | 4    | 5         | None                             | Multiple stems  |
| 4/5/2018  | Pinaceae     | Pseudotsuga    | <i>menziesii</i>              | Douglas-fir          | 1  | 3        | 4        | 0-6       | 4           | 6      | 6         | 4    | 5         | None                             |   |
| 4/5/2018  | Cupressaceae | Xanthocyparis  | <i>nootkatensis 'Pendula'</i> | Weeping Alaska-cedar | 1  | 4        | 6        | 0-6       | 22          | 6      | 5         | 6    | 6         | Canopy lift                      | Multiple stems  |
| 4/5/2018  | Rosaceae     | Prunus         | <i>serrulata 'Kwanzan'</i>    | Kwazan Cherry        | 1  | 5        | 9        | 7-12      | 30          | 5      | 4         | 3    | 4         | Pruning                          | Crowded, multiple codominant leaders, windswept, very dense, presence of moss                           |
| 4/5/2018  | Pinaceae     | Picea          | <i>abies</i>                  | Norway spruce        | 1  | 6        | 10       | 7-12      | 30          | 5      | 5         | 4    | 5         | Monitor                          | Sap sucker holes, weeping sap   |
| 4/5/2018  | Pinaceae     | Cedrus         | <i>deodara 'Aurea'</i>        | Golden deodar cedar  | 1  | 7        | 10       | 7-12      | 28          | 6      | 5         | 4    | 5         | None                             | Top is wavy, growth at top is dense   |
| 4/5/2018  | Pinaceae     | Picea          | <i>pungens</i>                | Colorado blue spruce | 1  | 8        | 12       | 7-12      | 20          | 5      | 5         | 3    | 4         | None                             | Short and stocky, possible signs of spruce budworm  |
| 4/5/2018  | Cupressaceae | Sequoiadendron | <i>giganteum 'Glaucum'</i>    | Sequoia              | 1  | 9        | 25       | 25+       | 30          | 5      | 4         | 6    | 5         | None                             | Red, possible frost damage, cones, sparse in canopy, poor taper   |
| 4/5/2018  | Pinaceae     | Cedrus         | <i>atlantica</i>              | Atlas cedar          | 1  | 10       | 10       | 7-12      | 25          | 6      | 4         | 3    | 4         | Restoration pruning, Canopy lift | Possibly topped when young because multiple large diameter branches at 2ft, cones, bulge at root collar |
| 4/5/2018  | Pinaceae     | Picea          | <i>pungens</i>                | Colorado blue spruce | 1  | 11       | 8        | 7-12      | 22          | 5      | 5         | 4    | 5         | Monitor, canopy lift             | Tip die back, spruce budworm possible, short and squat, root flare buried                               |
| 4/5/2018  | Rosaceae     | Prunus         | <i>pendula</i>                | Weeping cherry       | 1  | 12       | 4        | 0-6       | 7           | 5      | 6         | 4    | 5         | None                             | Gummosis present  |
| 4/5/2018  | Pinaceae     | Abies          | <i>koreana</i>                | Korean fir           | 1  | 13       | 4        | 0-6       | 12          | 5      | 3         | 2    | 3         | Restoration pruning              | Topped, no central leader, high cone production   |
| 4/5/2018  | Pinaceae     | Cedrus         | <i>deodara 'Aurea'</i>        | Golden deodar cedar  | 1  | 14       | 9        | 7-12      | 30          | 6      | 4         | 4    | 5         | None                             | Bifurcated at base, 1ft, wavy tops, girdling root on west side, leaning to east                         |
| 4/5/2018  | Pinaceae     | Cedrus         | <i>deodara 'Aurea'</i>        | Golden deodar cedar  | 1  | 15       | 12       | 7-12      | 30          | 6      | 4         | 4    | 5         | None                             | Bifurcated at base, 1ft, wavy tops, girdling root on west side, leaning to east                         |
| 4/5/2018  | Pinaceae     | Picea          | <i>pungens</i>                | Colorado blue spruce | 1  | 16       | 5        | 0-6       | 18          | 5      | 5         | 5    | 5         | Canopy lift                      |   |
| 4/5/2018  | Pinaceae     | Cedrus         | <i>atlantica</i>              | Atlas cedar          | 1  | 17       | 6        | 0-6       | 25          | 6      | 5         | 4    | 5         | Canopy lift                      | Bifurcated, splits, girdling root on west side  |
| 4/5/2018  | Pinaceae     | Tsuga          | <i>heterophylla</i>           | Western hemlock      | 1  | 18       | 2        | 0-6       | 10          | 4      | 4         | 5    | 4         | None                             | Chlorotic, no central leader  |
| 4/5/2018  | Pinaceae     | Cedrus         | <i>deodara 'Aurea'</i>        | Golden deodar cedar  | 1  | 19       | 10       | 7-12      | 30          | 5      | 6         | 5    | 5         | None                             | Wavy, foliage at top  |
| 4/27/2018 | Rosaceae     | Prunus         | <i>serrulata 'Kwanzan'</i>    | Kwazan Cherry        | 1  | 20       | 5        | 0-6       | 25          | 5      | 5         | 5    | 5         | Structural pruning               | Street tree   |
| 4/27/2018 | Rosaceae     | Prunus         | <i>serrulata 'Kwanzan'</i>    | Kwazan Cherry        | 1  | 21       | 5        | 0-6       | 25          | 5      | 5         | 5    | 5         | Structural pruning               | Street tree   |
| 4/27/2018 | Rosaceae     | Prunus         | <i>serrulata 'Kwanzan'</i>    | Kwazan Cherry        | 1  | 22       | 5        | 0-6       | 25          | 5      | 5         | 5    | 5         | Structural pruning               | Street tree   |
| 4/27/2018 | Rosaceae     | Prunus         | <i>serrulata 'Kwanzan'</i>    | Kwazan Cherry        | 1  | 23       | 5        | 0-6       | 25          | 5      | 5         | 5    | 5         | Structural pruning               | Street tree   |
| 4/27/2018 | Rosaceae     | Prunus         | <i>serrulata 'Kwanzan'</i>    | Kwazan Cherry        | 1  | 24       | 5        | 0-6       | 25          | 5      | 5         | 5    | 5         | Structural pruning               | Street tree   |
| 4/27/2018 | Rosaceae     | Prunus         | <i>serrulata 'Kwanzan'</i>    | Kwazan Cherry        | 1  | 25       | 5        | 0-6       | 25          | 5      | 5         | 6    | 5         | Structural pruning               | Street tree   |
| 4/5/2018  | Sapindaceae  | Acer           | <i>palmatum</i>               | Japanese maple       | 2  | 1        | 3        | 0-6       | 20          | 6      | 6         | 5    | 6         | Post removal                     |   |
| 4/5/2018  | Sapindaceae  | Acer           | <i>campestre</i>              | Hedge maple          | 2  | 2        | 10       | 7-12      | 45          | 5      | 4         | 5    | 5         | Structural pruning               | Branches splitting, sapsucker holes   |
